ADD MODULE

5. Once you have logged in successfully, you will be directed to this page where you will have the freedom to add a new module

6. Once you are done, you press the submit button and that module will be added. You can enter as many modules as you can

Student Portal   AddModule   LogStudyHours   ViewModules

A Navigation bar will be provided for you when you are logged in so that you can be able to go to different pages

Log Study Hours

Student Portal AddModule LogStudyHours ViewModules **Log Study Hours** Enter the hours spent working on a specific module on a certain day: Number of hours [0] Module Name [Module Name] Date [dd/mm/yy] [SUBMIT]	7. Once the user clicks the "LogStudyHours" from the navigation bar, this page will appear where you will be given the opportunity to enter the hours you spend on a specific module on a certain day

View Modules

When you press the "ViewModules" on the navigation bar, it will take you to a page where you will then see all the modules you entered and provide you with an option to select the one you want to view. It will display the module details as well as the self-study hours and the hours spent on that module according to what you entered
